## Survey & Marking Materials

maxGEO manufactures robust, precise and affordable targets and marking material for tunneling. Great attention is paid to the robust design, which is necessary for use in drill & blast tunneling. The targets can be calibrated and are available in different designs, tilt axis heights, colors and offsets. Customer requests are also considered for small series.

 Quantity Discount: >100 pcs -10%, >200 pcs -15%

### VM2085 - Mini Prism:

List price: 90,00.- EURO / pc  
 Measuring Distance: ca. 0.5 m to 500 m  
 Material: POM (Reflector Carrier), Glas prism  
 Tilt Axis Height: 85 mm +/- 0.1 mm  
 Offset: 18 mm  
 Manufacturing Accuracy: +/- 0.1 mm

### VM2086 - Mini Prism (Leica compatible):

List price: 90,00.- EURO / pc  
 Measuring Distance: ca. 0.5 m to 500 m  
 Material: POM (Reflector Carrier), Glas prism  
 Tilt Axis Height: 86 mm +/- 0.1 mm  
 Offset: 18 mm  
 Manufacturing Accuracy: +/- 0.1 mm

### VM1085 - Reflective Target:

List price: 15,00.- EURO / pc  
 Measuring Distance: ca. 12 m to 150 m  
 Material: POM (Reflector Carrier), both sides reflective foil (60 mm diameter)  
 Tilt Axis Height: 85 mm +/- 0.1 mm  
 Offset: 34.4 mm  
 Manufacturing Accuracy: +/- 0.1 mm

### VM1086 - Reflective Target (Leica compatible):

List price: 15,00.- EURO / pc  
 Measuring Distance: ca. 12 m to 150 m  
 Material: POM (Reflector Carrier), both sides reflective foil (60 mm diameter)  
 Tilt Axis Height: 86 mm +/- 0.1 mm  
 Offset: 34.4 mm  
 Manufacturing Accuracy: +/- 0.1 mm

### Survey Accessories List Prices:

- VM3001 Adapter - Breaking Point 3/8": 3,20.- EURO / pc
- VM3002 M8 Wall Adapter: 3,20.- EURO / pc
- VM4001 Conergence Bolt R 3/8", L: 250 mm: 4,50.- EURO / pc
- VM5001 Blast Protection for VM4001: 5,00 EURO / pc
- VM6001 Wall Bolt M8 (30 mm, 40 mm): price upon request
- VM7001: L-Bar Prism: 55,00.- EURO / pc
